

NOTICE OF A PROPOSAL

By Golden Leaf Agrivoltaics Inc. to Engage in a Renewable Energy Project AND NOTICE OF PUBLIC MEETING

Project Name(s): Golden Leaf Agrivoltaics Project

Project Applicant: Golden Leaf Agrivoltaics Inc. (a partnership between the Algonquins of Pikwakanagan First Nation and Compass Greenfield Development Inc.)

Project Location: The Project is located on private land bounded by Drummond Concession 1 and Churchill Road, in the Township of Drummond-North Elmsley, Lanark County, Ontario.

Dated at the Township of Drummond-North Elmsley this June 11, 2026

Golden Leaf Agrivoltaics Inc. is planning to engage in a renewable energy project, which will require the issuance of a renewable energy approval (REA). The proposal to engage in this project and the project itself are subject to the provisions of the Environmental Protection Act Part V.0.1 and Ontario Regulation 359/09 (Regulation). This notice must be distributed in accordance with Section 15 of the Regulation prior to an application being submitted and assessed for completeness by the Ministry of Environment, Conservation and Parks (MECP).

The first Public Meeting is being held to provide initial information on the proposed project. The meeting will be an open house walk-through format. You are welcome to attend at any time during the hours indicated below. A second Public Meeting will be held at a later date to provide more detailed information on the proposed project.

Meeting Location: Royal Canadian Legion Branch 244, 26 Beckwith Street E, Perth, ON, K7H 1B5

Date: July 22, 2026 Time: 5:00pm to 7:00pm

Project Description: Pursuant to the ACT and Regulation, the facility, in respect of which this project is to be engaged in, is a Class 3 ground-mounted solar facility. If approved, the facility would have a total maximum contract nameplate capacity of up to 9.0 MW AC. The Project Location is identified on the map. The project is being designed using agrivoltaics, incorporating sheep grazing as a sustainable vegetation management strategy to control plant growth beneath and between the solar panels. The Draft Project Description Report provides an overview of the proposed Project including location, components, activities and potential negative environmental effects. Written copies of the Draft Project Description Report are being made available for public inspection at <https://goldenleafagrivoltaics.ca/> and at the local municipal office.
